Info on Kinder Morgan / OOOOa from NODA comments. Copying Karen and David in case they know anything else they could be planning to talk to Mandy about.

Comment on NODA: <https://www.regulations.gov/document?D=EPA-HQ-OAR-2010-0505-12421>

- Support stay / EPA has the legal authority to issue a stay
- Revise delay of repair requirements to consider unscheduled and emergency shutdowns (in Karen's package)
- Exempt third-party equipment (eg meters) from fugitive emissions requirements at well sites
- Supports modifying compliance deadline from 60 days to 180 days from modification of a new source

Let me know if you need anything else!
Lisa
